PROFESSIONAL EXPERIENCE

Microsoft | Designer 2 - Azure Data UX

JULY 2019 - Current | Redmond, WA

Communicate, document, and represent design direction to team members, senior management and key stakeholders. Work with design, development and program management teams to ensure interaction and visual designs function successfully for varying technical and performance specifications. Work with researchers to coordinate testing efforts, interpret results, and incorporate insights into design efforts. Effectively communicate with developers through implementation phase to realize design vision.

Cloudistics Inc. | Interaction Designer

JULY 2018 - JUNE 2018 | Reston, VA

Develop detailed wireframes using Sketch to explain feature concepts and refine user interactions and flows. Identify usability issues of current and future product features and provide design fixes to improve them. Present ideas to key stakeholders and development teams to establish common understanding.

Stamp Student Union | Graduate Assistant in Web Services

AUGUST 2016 - MAY 2018 | University of Maryland, College Park, MD

Lead redesign and implementation of the school's election system. Manage projects by developing action plans and timelines and support web applications using ASP.NET C#, HTML, Javascript, CSS, and mySQL.

Sparks Grove | UX Design Intern | Project Site

JUNE 2017 - JULY 2017 | Atlanta, GA

Scrum master for a responsive website redesign project for a leading client in the hotel industry resulting in up to 80% increase in usability ratings. Conducted user research and surveys to guide design strategy. Created wireframes using Sketch and prototypes using Invision for mobile and desktop websites. Conducted usability testing sessions to validate designs.

Accenture Solutions | Technology Senior Analyst

MAY 2014 - MAY 2016 | Bangkok, Thailand

Designed and developed interactive dashboards for executive clients using SAP Business Object tools. Worked closely with business analysts, designers, and developers in 4 successful end-to-end project implementations for clients in oil & gas and cement industries. Prepared and delivered client presentations with clear communication.

EDUCATION

Master of Science in Human Computer Interaction (HCI)
University of Maryland, College Park

AUGUST 2016 - MAY 2018 | College Park, MD | CGPA: 3.96

Bachelor of Science in Computer Science Minor in Applied Math
Mahidol University

AUGUST 2010 - APRIL 2014 | Bangkok, Thailand | First Honors, CGPA: 3.75
